DEPARTMENT COMMENTS:

Tract 30

On December 15, 2005, Council postponed action until January 12, 2006 and Council directed Staff to bring back an alternate ordinance and executed Restrictive Covenant. Both follow the Summary Sheet.

On October 12, 2005, Staff met to discuss zoning and future land use map designations for Tract 30 with the property owner as well as property owners within the Pleasant Hill Subdistrict. No resolutions were reached and the property owners remain in amicable disagreement.

A valid petition of 29.64% for Tract 30 has been filed by the adjacent property owners in opposition to this rezoning request.

The current use, Construction Sales and Services, has been determined to be non-conforming ("grandfathered") by the Solid Waste Services Department zoning code enforcement division. However, the current storage of construction material out in the open at this site is a violation of City code. In order to come into compliance, these materials must be stored in a covered structure or be removed from the property. It is not known if the existing structures on the property can accomplish this requirement.

If the current zoning remains (SF-3/SF-6), Mr. Harper cannot increase the level of non-compliance by increasing the size of current structures or constructing any new ones. In order to build a structure on site to store construction materials, as Mr. Harper has expressed a desire to do, the zoning would have to be changed to Commercial Services (CS). Conditions could be placed on the zoning to limit the more intense land uses allowed in CS.

The property owner proposes CS-MU-CO-NP district zoning and the Conditional Overlay follows Exhibit B. The Neighborhood is agreeable to either no change to the existing SF-3/SF-6 zoning or the Planning Commission's recommendation of LO-MU-CO-NP, requiring a 30' wide vegetative buffer adjacent to single-family uses. However, the Neighborhood has communicated to Staff that if CS-MU-CO-NP district zoning is approved, then the following items are requested: construct an 8' tall fence and / or landscaping to along Red Bird Lane to screen the business from the neighborhood; install a 30 foot wide vegetative buffer along the west side of the property; prohibit trucks or forklifts from parking or unloading on Red Bird; make immediate improvements to the drainage characteristics of the property so that it does not impact the residences to the north, and restrict the property's ability to accommodate future businesses. The Neighborhood's correspondence and petitions follow the Applicant's proposed conditional overlay.

APPLICANT: City of Austin

AGENT: Neighborhood Planning and Zoning Department (Mark Walters)

DATE OF FIRST READING: September 1, 2005, approved the rezoning of the Pleasant Hill Subdistrict as Planning Commission recommended with exception of Tract 18 and Tract 30, on First Reading (6-0, Alvarez – off the dais).

For Tract 30, SF-3-NP district zoning was approved on First Reading (6-1, Mayor Wynn – Nay).

DATE OF SECOND READING: October 6, 2005, approved the Pleasant Hill Subdistrict Rezonings of the West Congress Neighborhood Plan for Tracts 22, 23b, 25, 26, 27, 28, 31 and 32, as recommended by the Planning Commission, on Second and Third Readings (7-0). Note: Tracts 18, 23a (later determined to be an incorrect address and thus, no action was taken), 35 and 30 were taken up separately.

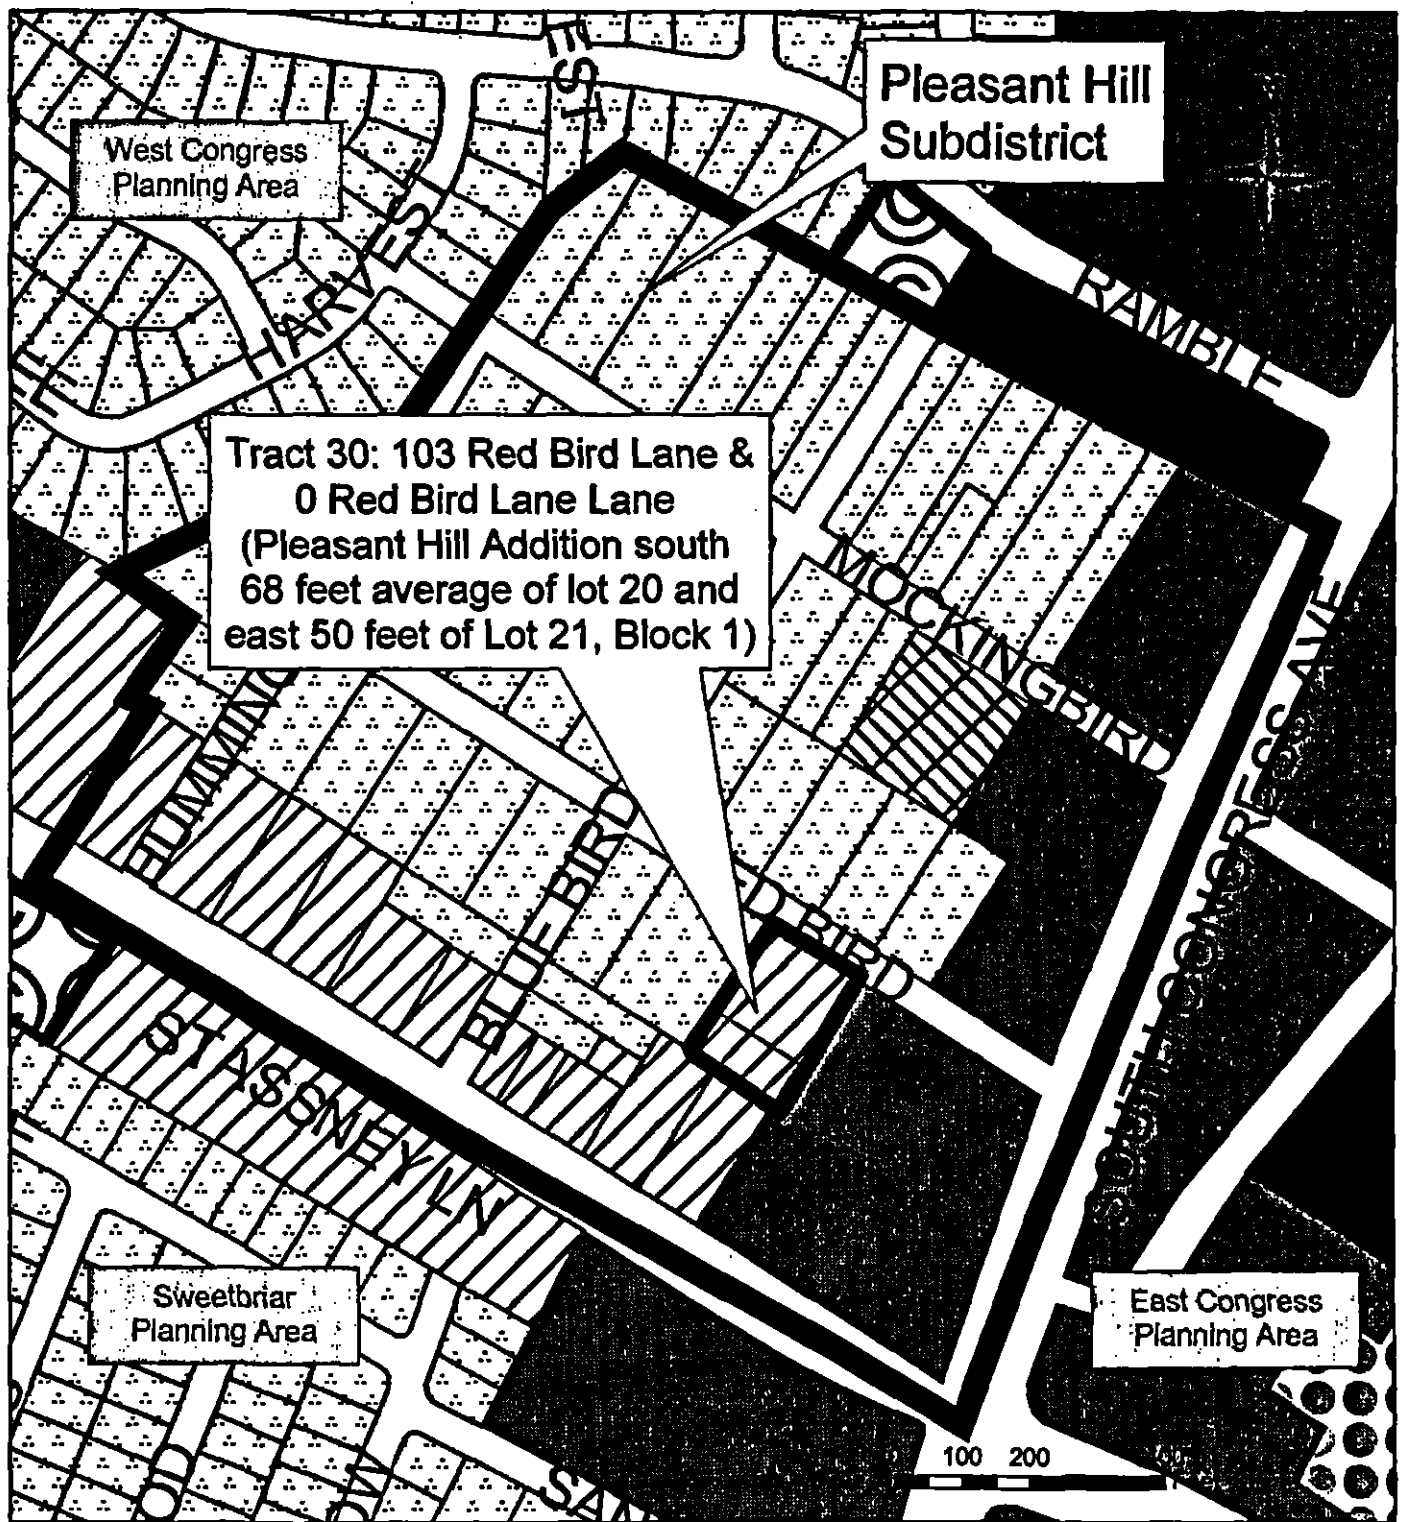

For Tract 30, LO-MU-CO-NP district zoning with a Conditional Overlay for a 30-foot wide vegetative buffer along the west side was approved on Second Reading (6-1, Mayor Pro Tem Thomas – Nay).

Mr. Mark Walters
Neighborhood Planning & Zoning
One Texas Center, Suite 525

Mr. Mark Walters,

I would like you to include the conditions that I have supplied to staff as well as the council. I not sure why the information you are providing for the council meeting only includes "Neighborhood Conditions for Support of CS-MU-CO-NP" and not my concerns.

Items supplied to staff and Council:

1. Our conditional overlay for 103 Red Bird Lane supplied 10/25/05.
2. Our letter why we are requesting this overlay supplied 10/25/05.
3. I think it would be beneficial for the council to know that we have submitted affidavit from 22 residence of the City of Austin that this decision will directly affect.

My answer to the conditions provided to me today from the neighbor is as follows.

1. As stated in my conditional overlay we are willing to meet the 25' setback a 30' setback will not allow us to continue the business we have been performing for the past 30 years.
2. These limits will not allow our business to continue.
3. A solid fence in front of our location will not allow access for our services.
4. We currently do not park company trucks on the street and only park delivery truck as they are waiting unloading.
5. This can be done to some extent if the city of Austin approves our building plan.
6. We currently have forklifts on the street because we are awaiting this decision before moving forward with our building program.
7. This is a city of Austin issue that we will be more than happy to work within their guidelines. We disagree and can provide grades that will show this issue is no worse than before we leveled the side of the roadway.

8. We are not willing to rollback any item that could cause the lowering of the value of this property.

I would like to add one more item for the council's consideration. We have been here doing the same type of work since 1969 and no one has questioned this. We have grown and changed part of the way we do business and I hope the City supports growth in small businesses. We have a plan to help many of the issues the neighborhood has but many of them require us to do most of our work off site and this is not economical.

Last there is no neighbor, that I have met, that has been here as long as we have. That means they all bought knowing what and how we do business. My closest neighbors have been less than 6 years and even at that not once have we ever had a written complaint to the City of Austin or any other entity. The main reason for this is we do our best to work with the neighborhood (will continue to do so) and everyone knows what we do.

Tract 30 Pleasant Hill Addition

Honorable Mayor Will Wynn and City of Austin Council Members,

I am a resident of 20 years at 309 Red Bird Lane. I request your support to follow the neighborhood recommendations for Tract 30: keep the current zoning of SF-3 and SF-6 or, as an alternate, LO-MU-CO-NP (with CO being a 30' vegetative buffer).

A commercial business is not compatible in a residential neighborhood. When Mr. Harper's father lived in a trailer at 103 Red Bird and operated his business, he kept the place tidy. Enclosed are aerial photos from 1969, 1976, 1984 and a current photo. 1969 shows one building and 1976 & 1984 show one building and a trailer on the property. The elder Mr. Harper did not have 30+ employees with lean-to sheds, dump trucks, fork lifts etc., as the current photo shows, or semi trucks unloading. Recently the situation has gotten intolerable since Tommy Harper had to quit getting his playscape materials delivered to job sites because of theft. Instead, these materials come to 103 Red Bird via semi trucks and are stacked by the street. Often the road is blocked and it is difficult to drive from Congress on Red Bird to my house. We are concerned about the noise, the safety issues (there are kids and deaf people on this street), the poor drainage and the unsightly mess. This business is a detriment to our neighborhood. I am certain that no council member would want to live near this business. Businesses often have to relocate as they grow and while it is inconvenient, in the long run they're usually happier with more space.

Another concern for zoning Mr. Harper's property commercial is that when he retires and decides to sell the property, who knows what kind of commercial business would locate there?

Our neighborhood is worth preserving. We accept that Congress and Stassney are becoming more commercial, but we don't want the commercial aspect encroaching into our neighborhood. We are a diverse group of home-owners with young singles, families with children, retired people, middle-aged, African Americans, Hispanics and Whites. There are new homes being built and older homes being renovated. My house is 88 years old and was moved from East Avenue when the upper level of I-35 was built.

Please keep commercial business out of our neighborhood and support the neighborhood recommendations.

Sincerely,

Andrea Thomas

If City Council does not follow the neighborhood recommendations and zones Tract 30 CS, these are the neighborhood's conditions:

30' vegetative buffer along western property line

A solid fence with solid gate across the front of the property

No delivery or company trucks parked on the street, even while waiting to unload

All loading and unloading of trucks must be onsite and screened from view

No forklifts on the street

Correct drainage problems and associated nearby flooding created when Mr. Harper backfilled the existing ditch and culverts adjacent to his property

Mr. Harper must agree to a voluntary zoning rollback to LO-MU-CO-NP (the CO would be a 30' vegetative buffer) and a land use designation of Office Mixed-use on the plan's future land use map (FLUM)

No future use of auto sales, auto washing or pawn shops and limit business traffic to exit right towards Congress and not through the neighborhood

Honorable Mayor Will Wynn and City of Austin Council Members,

As residents of the Pleasant Hill Addition sub-district located in the West Congress Avenue Neighborhood Planning Area, we are concerned about upcoming zoning decisions and their impact on our community. We are proud to live in a neighborhood that offers such a unique glimpse into Austin's historical, cultural and architectural heritage - a heritage we believe is worth protecting. Our neighborhood is in transition with restored turn-of-the-century homes and new homes being built. Additionally, the remaining natural areas in our community provide dwindling urban wildlife with critical travel routes, food, water, and shelter.

It is our sincere belief that the following zoning recommendations will safeguard current residents while preserving the area's unique flavor and resources for future generations to enjoy.

We respectfully request your support for the following zoning recommendations:

- SF-2 for Tract 18 (106-200 W. Mockingbird Lane)
- SF-2 for Tract 23A (106 Red Bird Lane, alternately shown as 116 Red Bird on the proposed zoning change sheets). Alternate request: LO-MU-CO-NP.
- SF-3 and SF-6 for Tract 30 (103 Red Bird). The property owner plans to request CS-MU-CO-NP zoning. However, according to the City's own Neighborhood Planning and Zoning Guidelines, "CS is generally incompatible with residential environments." (Neighborhood Planning Guide to Zoning, page 23, April 2005). We oppose the CS designation because a construction business on 3/4 acre with 30+ employees, service trucks and semi-truck deliveries is not compatible with a residential neighborhood with children and hearing-impaired adults. Mr. Harper's business has evolved over recent years and outgrown its location. We request to be heard regarding this parcel at the council meeting scheduled for October 6th. Alternate request: LO-MU-CO-NP.
- LO-MU-NP for Tract 35 (306-314 Stassney). LO is noted by city staff on the Future Land Use Map of August 18. The new GO recommendation is undesirable because it would allow a 60' building to be erected next to residences.
- LO-MU-NP for 400-414 Stassney. (Corner of Hummingbird; (See reference C14-05-0106.02.). Most of this property is in the flood plain, which limits its desirability for development. The city staff's GO recommendation is undesirable because it would allow a 60' building to be erected next to a residence. LO is listed on the Future Land Use Map of August 18.

Thank you for your consideration.

Re: C14-05-0106, Tract 30

Dear City Council:

I am one of 32 owner/occupants of property on the 'Bird' streets within the Pleasant Hill Subdistrict – West Congress Neighborhood Planning Area Rezoning. In this area there are also 5 lots, 2 unoccupied houses recently relinquished by elderly owner/occupants, 11 renters (7 of whom live in one condo unit), and then there is Tract 30, a business incompatible not only within this neighborhood but within any neighborhood. The obvious mathematical translation here is that 73% of our little enclave is owner/occupied. The business (Tract 30) comparison is somewhat less than 1%.

In the 8-30-05 neighborhood letter to you preceding the 9-1-05 council meeting, a description of the Tract 30 business from a neighborhood perspective was given. At that council meeting, the neighborhood recommended zoning of SF-3-NP was presented by city staff and noted that "staff does not object to the neighborhood's recommendations". Mr. Tommy Harper, owner-operator of Tract 30, appeared and spoke of a "grandfather clause" and the hardship and detrimental effect the SF-3-NP zoning would have on his business, should he have to move.

My understanding is that since that meeting the council-requested research by city staff reveals no "grandfather clause" for use of this lot, which means that Mr. Harper has not been compliant with zoning for over 20 years. He is now requesting that the council approve his request for zoning the property CS....., not the neighborhood-requested SF-3-NP nor the Planning Commission/city staff-requested LO-MU-CO-NP. I further understand that this CS..... zoning, which is totally incompatible within a residential neighborhood, "will not be objected to by staff". The only explanation I have garnered for this bizarre 180 degree sudden flip-flop by staff is that "Mr. Harper needs that zoning to be compliant", a truism of the first order.

As for the detrimental effect spoken of by Mr. Harper, which he says means he will be forced out of business, thereby depriving 30+ people of their jobs and he and his family of its business income, this should be viewed with clear and open eyes. First of all, this business is on a lot less than twice the size of mine. Picture, if you will, seven or eight service trucks, two or three forklifts, three or four buildings, the usual multitude of stacks of construction and manufacturing materials, and the vehicles of that many employees all

on that size lot at least part of the day and the activity and neighborhood traffic resulting thereof. Add to that 18 wheelers making deliveries to Mr. Harper's property and maneuvering through the neighborhood and you have a fair picture of a neighborhood problem. Requiring that this business move to an appropriately -sized and -located property for its operation should not mean that it would "go out of business"; maintaining the status quo by legalizing something patently illegal will most certainly mean that our neighborhood will be put on the road to being "out of business".

I have lived in this neighborhood for 27 years. My three children grew up here and now two have bought houses here because of the improvements made within the neighborhood over the years. And I have my own 'grandfather clause'—my two-year-old grandson lives next door. There are other children of various ages in the neighborhood, as well as elderly and handicapped adults, young couples and college students. We in this neighborhood have always realized that we have to bend and remain flexible to absorb the increased development and population of Congress Ave. and Stassney Lane and the impact on us.

What we should not have to absorb is the geometric and monumental growth of Mr. Harper's business over these years. When I moved here and when we agonized over the rezoning that occurred during the early 1980s, Mr. Harper's business was a small electrical business with 2 trucks and 2 employees, no stack lot, no forklifts, and no 18 wheelers making deliveries. Thus, the neighborhood took a live and let live attitude. It is obvious that what we thought was a cute little bull snake has grown up into a rattlesnake that is bent on our destruction.

Sincerely,

Re: c14-05-0106, Tract 30

Dear City Council,

Since moving into my house at 110 Red Bird Lane in 1998, I've watched Harper Construction Company (across the street from me) grow from a small contracting business into a large ongoing concern, with activity on the premise impacting me (and my neighbors) at every step of it's growth. Some of the problems I've had to deal with are:

- **Semi-trucks parking in front of my house with their motor running, filling my 600 square foot house with carbon monoxide. Some mornings I'll wake up anxious with my heart racing, only to find a truck has been idling in front of my house waiting for someone to come accept delivery.**
- **Trucks have run over my mailbox 20 times. As a result I've missed checks, bills and business.**
- **Forklifts have disconnected my phone line twice, again causing much inconvenience and lost income do to lost jobs/missed calls.**
- **Noisy and bothersome activity, very disruptive and very early in the day:**
 - **Dumpster being picked up at 5:30-6:00 AM.**
 - **3-4 semi-trucks daily being idled and unloaded 30 – 40 feet from my door.**
 - **Semi-trucks blocked me in on numerous occasions. I've missed work and appointments due to this.**
 - **Bobcat and other equipment being loaded on and off of trailers.**
 - **Work crew and trucks hanging out in front of my house (including litter).**
- **Mr. Harper filled in the drainage ditch on the front of his property (with no culvert) in such a way that all the rainwater from his property flows though my lot (sometimes up against my house) at a depth of 18" up to 3 feet wide, a veritable river.**
- **High wattage security lights shine right into my house.**
- **Until recently the building material was in piles up to the front of the property.**
- **Work crews "cat-calling" my daughter and ogling my female friends.**

- Pallets brought in from warehouses and industrial areas bringing with them rat nest, mice, possums, hornets.
- There is a dumpster with garbage & food in it, attracting animals.
- Piles of material and equipment have lured thieves onto the lot. I've scared off more than one trespasser.
- I have a 100 square foot organic garden on the back of my lot and I worry about the runoff from all the machines and chemicals stored, seeping into the ground.
- Earlier this week a surveyor was in my yard painting marks on my grass. When I asked him what he was doing, he said he was hired by Mr. Harper. No one ever asked if they could come on my property.
- I also wonder what impact all the semi-truck traffic is having on my street and the infrastructure underneath it.

The final thing I'd like to point out is many contractors competed for the playground contract with the city that Mr. Harper is now fulfilling. How would other contractors feel if they knew the winning bid went to some one in an illegal business space? People playing by the rules didn't get the contract.

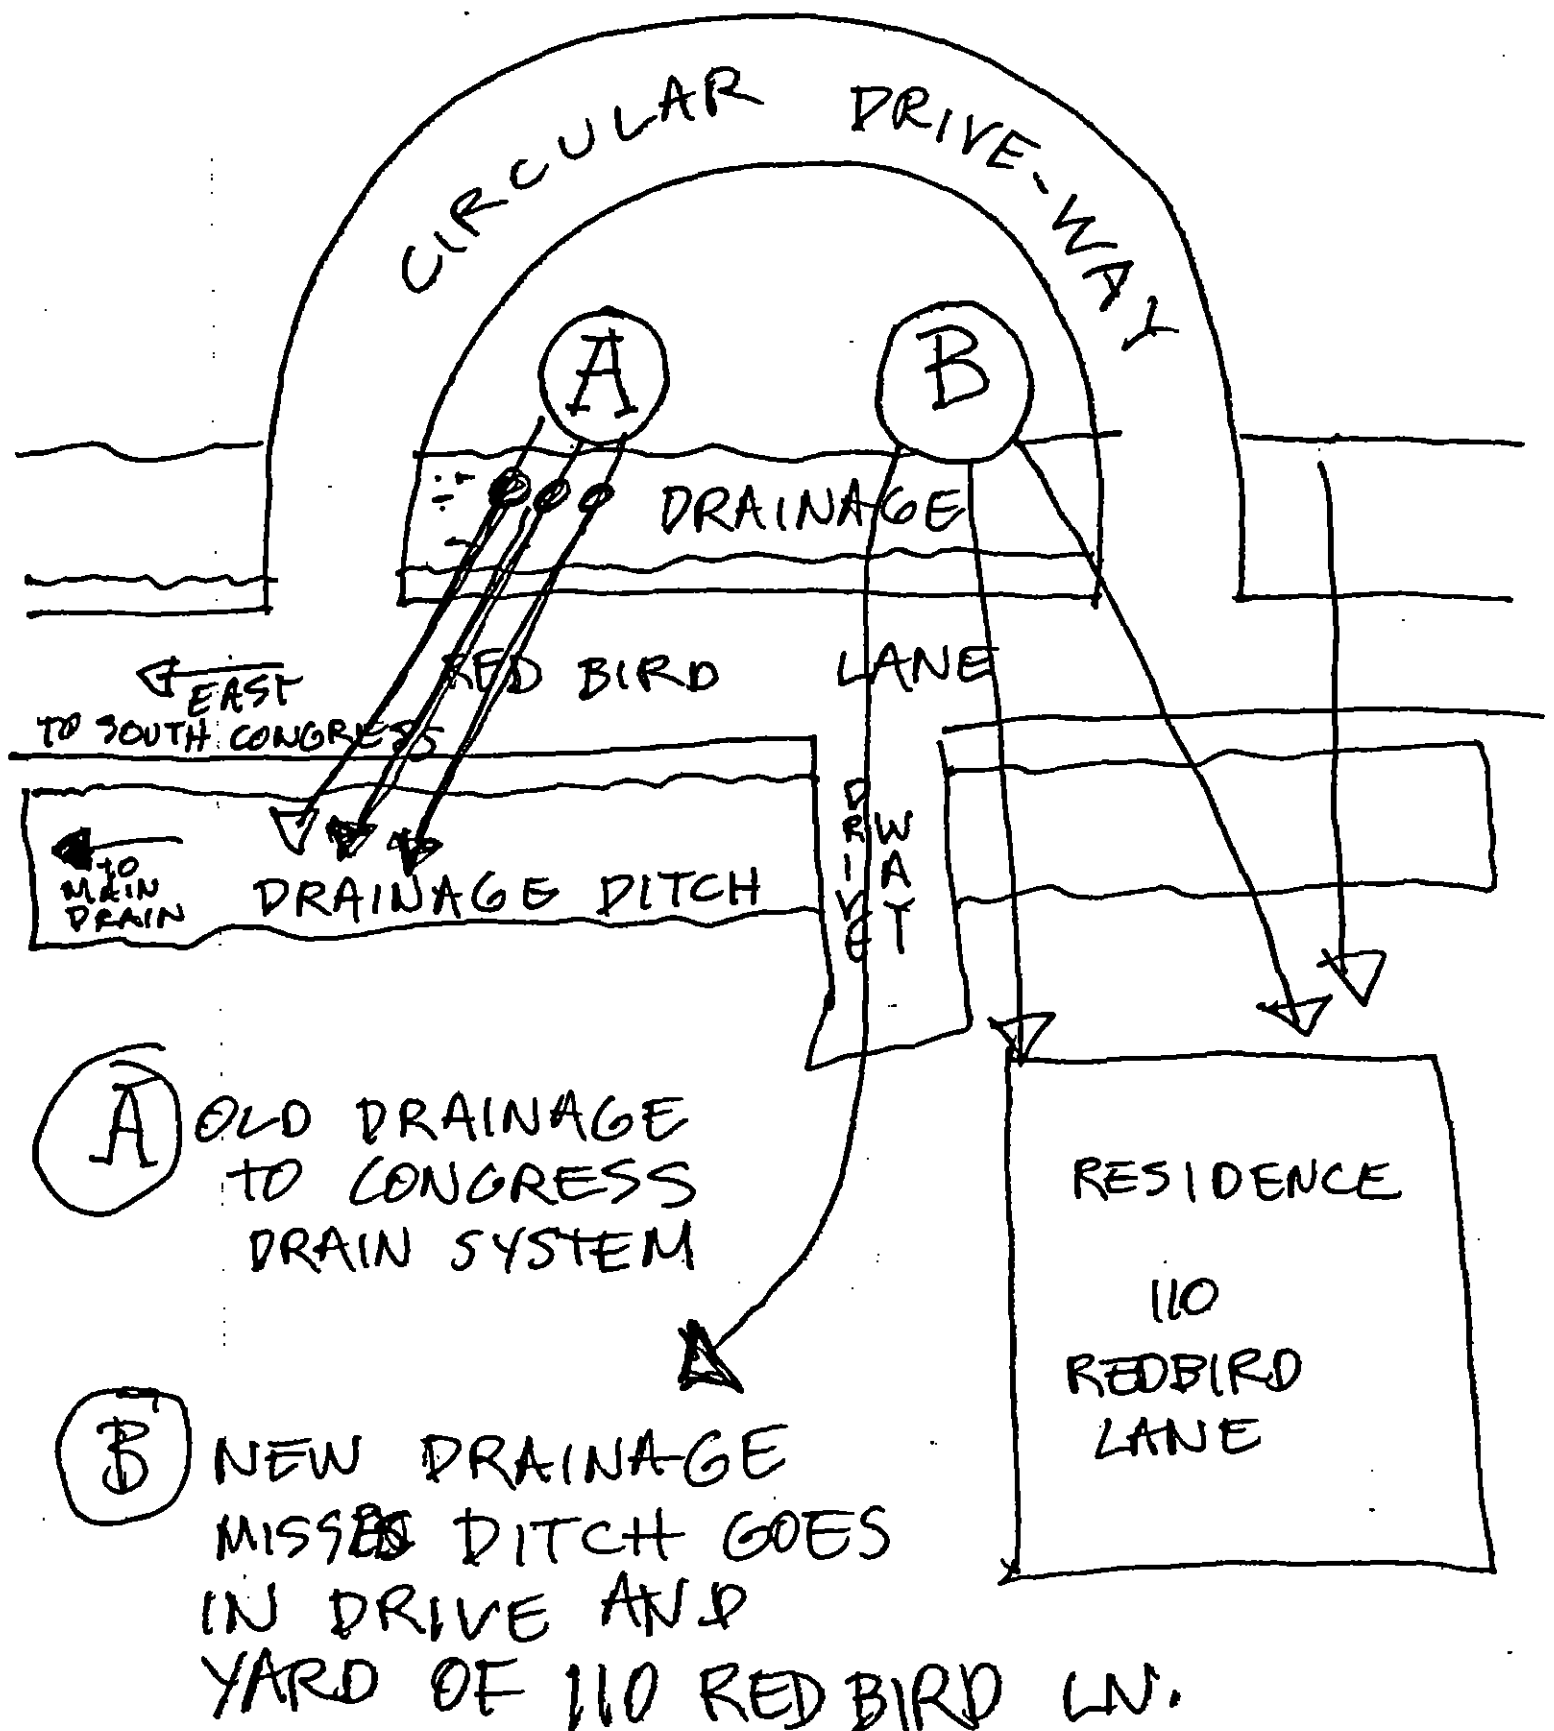

I urge you to zone Tract 30 LO-MU-CO-NP.

Sincerely,

Brad Massingill
